

Offered by our specialty carrier. A.M. Best rating of A+ (Superior), FSC XV

Unmanned Aircraft Systems (Drones)

Coverage that soars above the rest

Inland marine and liability coverage available for unmanned aircraft systems (UAS) owned by the insured and used in precision operations (i.e., aerial imaging, data acquisition and surveying).

Inland marine

Coverage available:

- Direct physical loss or damage from sudden and accidental causes, including operator error, except as limited or excluded
- \$15,000 maximum any one item; \$100,000 maximum per schedule
- \$500 minimum deductible

General liability

Coverage available:

- Liability coverage in conjunction with general liability coverage for the insured's business
- Sub-limits of \$50,000 any one occurrence/\$100,000 aggregate
- Higher sub-limits may be available if the UAS operator has an operational certificate from the FAA and uses the FAA application B4UFLY (<https://www.faa.gov/uas/b4ufly/>)

No deductible required.
